

# Alcohol Inks

By Francine Dufour Jones

## Free Online Class: Alcohol Inks Basics

Welcome to this free class for learning the basics of painting with alcohol inks. I am testing various methods to present basic online learning with alcohol inks. This is a beta class and I would appreciate any feedback. What things you would like to see, questions, and suggestions. I will continue to evolve this class. This class or some experience will be a foundation for the more advance techniques to be released in classes. Check back often at the website I created just for sharing about alcohol inks. I will be adding more videos and tips. <http://alcoholinktips.com> If you have

questions you can email me Francine Dufour Jones at [francine@artbyfrancine.com](mailto:francine@artbyfrancine.com) This is my offering to you...enjoy and have fun. I would love to have you share your art. **Supplies** The first section is on my favorite

supplies. You can just download the pdf list and or you can watch the video on supplies which is about 11 minutes long.

### Francine's Basic Supplies for Painting With Alcohol Inks

Plus

I use cotton balls, plastic drip pan, small glass larger than paper with edges taped, gloves, freezer paper wax side done to protect table, non-porous surface to paint on like ceramic tiles or YUPO paper. Oh yes and canned air.

Watch and or download video about supplies [click here](#).

**Painting Demo** This demo is about having fun with alcohol inks. I demonstrate an easy way to make an abstract flower using canned air. It is pure play time. You can do it!

[Click here](#) to watch flower demo video. You can download this for your own use.
